

CAMPAIGN SUBSCRIBERS.

Persons who subscribed for the Democrat during the campaign will do well, if they wish the paper continued, to renew their subscriptions at once. After this week's issue, we will cut off all names that have not made arrangements for the future. We are much obliged to our campaign subscribers for their support, and would be pleased to have them all remain on our list. It is not necessary to pay in advance. A notification that they wish the paper continued will be sufficient. We hope all will give notice in time to secure them the next number of the Democrat. Persons knowing themselves indebted, will greatly oblige us if they will pay up, as we are badly in need of money.

It is said Gen. Halleck is about to be removed.

The \$300 exemption clause of the draft law is to be repealed as soon as Congress meets.

W. H. Cathcart, State School Commissioner, has resigned, and E. H. White takes his place.

The soldier vote comes in all one way, showing the pressure made on the volunteers by the administration.

We learn that John Ditto and W. Neely, soldiers of the 51st Ohio, captured at Chattanooga, are in prison at Richmond.

Gov. Tod is at Court in Fairfield county, defending himself at the suit of E. B. Olds, for false imprisonment.

All Democratic papers are urging a vigorous prosecution of the war, for the salvation of the Union, regardless of slavery.

Henry Vinton, who removed from this town two years ago to Iowa, has been elected a member of the Iowa Legislature.

L. A. Anderman, of this town, is advertised as having got a contract to furnish the government 500 mules at \$118 each.

The Annual Meeting of the Tuscarawas County Bible Society will be held on Sabbath evening next, at the Presbyterian Church.

Gen. Rosecrans had a grand reception at Cincinnati on Monday. The tide of public opinion is all in his favor, but some of the radical papers continue to malign him.

Gen. Francis P. Blair is out in a letter denouncing Secretary Chase as no more a friend to the Union than Jeff Davis. He says Jeff is for a Southern, and Salmon for a Northern, Confederacy.

We are requested to state that Doctor Lewis, recently appointed one of the army surgeons of Hospital No. 7, Louisville, Ky., has been released from duty, and is now at home attending patients.

Reuben Stout, an Indiana deserter, was shot at Sandusky on the 23d. He confessed that he was induced to desert after joining a secret league called the Golden Circle, (similar to the other league.)

The Secretary of war has written a complimentary letter to Col. De Courcy, complimenting his Brigade—in which is the last six months, company from Tuscarawas—for fast marching, it having marched 65 miles in 50 hours.

A correspondent asks our opinion on the legality of the soldier vote law. It is authorized by one section and unauthorized by another section of the Constitution. The conflicting doubt should be given in favor of the soldier voting, until the courts pass on the question. It is simply a question for the judiciary to determine, when any one man brings it up. Party has nothing to do with it.

The Draft Defeated—More Volunteers.

Gov. Tod notifies the people that the quota of Ohio is full on the old draft, and urges volunteering to fill the new draft. The number to be raised by Ohio will be about 82,000, which will take from Tuscarawas some 300 to 400 men.

In other counties the military committees are moving in calling meetings already, and we urge our County Committee to be up and doing. There are but about 60 days left to raise the men.

WAR MEETINGS.

The Military Committee have called a series of meetings in Wayne county, for the purpose of procuring volunteers. This is proper. It is in keeping with the result of the late election. The people decided that the war should go on, and it is the part of wisdom that our Committee should give the men who voted for the war an opportunity to show their faith further by their works. The young and gallant spirits who so bravely rushed to the polls on the 13th, and voted a war ticket, will eagerly embrace the opportunity to rush to arms in the war which they then endorsed.

HOW WE ARE MAKING HISTORY.

"Mrs. Lincoln—A Gay Season."

Under this title, the Washington correspondent of the Springfield (Mass.) Republican, an Administration paper, writes:

"Mrs. Lincoln has just got back from her Northern trip, and will soon be domiciled in the White House. For a few days, till the Presidential Mansion can be thoroughly renovated, she will remain at the Soldier's Home, and then will come the 'season' that is hastening on. We are going to have a very gay season—no doubt of that—whether our armies triumph or fail. Mrs. Lincoln will give a great many select parties this winter, to say nothing of the common receptions and levees. She seems to be growing popular with the people."

The correspondent of the N. Y. Commercial, another Administration organ, states that the "Republican Court" at Washington is to be very gay, fashionable and aristocratic the coming winter. It has been decided that none but the "rich and well born" shall be admitted within the sacred walls of the White House, and that "unwashed orderlies, with their boots drawn over their pants, and 'servant girls, fresh from the fumes of the kitchen,' shall not be allowed access to the 'levees,' as was the case last winter. Mrs. Lincoln has 'put her foot down' against all such ill-mannered people becoming her guests!

Mirth, gaiety and enjoyment—scenes of gorgeous splendor and glittering show will henceforth be witnessed at the White House. "There is nothing the matter"—"nobody's hurt"—"this excitement in the country is all artificial."

"On with the dance, let joy be unconfined."

The Number of Men Called Out for the Army.

The number of fighting men called out from the Northern or "loyal States" under the Administration of President Lincoln, may be briefly summed up as follows:

By proclamation April 15, 1861, 75,000
" May 3, " 65,000
" Act of Congress July 22, " 500,000
" " 25, " 25,000
" Proclamation " 1, 1862, 300,000
" Aug. 9, " 300,000
" By Order July, 1863, 300,000
" By Proclamation Oct. 17, 1863, 300,000

1,865,000
Thus, nearly 2,000,000 of men have been called out, making a number equal to about two-thirds the total vote cast in 1860 for President in the Northern or free States. The men, who have gone into the service under these several calls, constitute, or did constitute the flower of the country—men in the first promise, or in the prime of well developed and glorious manhood. But a large portion of those who have gone into the field in obedience to these repeated calls—how large a portion no one can tell—have been lost to their friends, the country and the world forever.—Statesman.

Mother is the Battle Over!

Mother is the battle over! Thousands have been killed, they say. Is my father coming? tell me. Have our soldiers gained the day?

Is he well, or is he wounded? Mother, do you think he's slain? If you know, I pray you tell me. Will my father come again?

Mother dear, you're always sighing Since you last the paper read; Tell me, why you now are crying. Why that cap is on your head?

Oh! I see you cannot tell me, Father's one among the slain; Oh! he loved us dearly, Will he never come again?

"Slavery must be put down, rooted out, if every wife has to be made a widow, and every child be made fatherless."—John Brown's campaign speech.

Day of Prayer and Thanks to God.

The President and Governor Tod have set aside as a day of prayer and thanks to God, the last Thursday in November. Would it not be well for all classes of citizens to appeal to God on this day for peace and prosperity? Who can refuse to do this when he looks at the condition of his country? Let this day be observed in a becoming way. The people owe this to God and themselves. Political feelings should be laid aside, and one general, universal prayer be sent up to God to restore our country to its former proud, happy and prosperous condition. Let no minister excite the contempt of his congregation by preaching politics and calling his neighbors copperheads and traitors, but let his sermons be of that divine nature that will ascend to the Giver of all Good.—Exchange.

The Steubenville Union of the 28th Inst.

"The most ardent supporter of Mr. Vallandigham in the State, was Mr. Mitchell, editor of the Ohio Democrat."

It would gratify us to be able to pay such a compliment to Brother Sheridan. John, after this when the party nominate a man stick to him until the polls close, even if the devil stands at the door.

Spectacles.

A. W. Rich, the Cleveland Optician, is once more coming to New Philadelphia with a large and well-selected stock of Spherical Glasses, and is to stay during the next term of Court only. Mr. Rich has sold enough of his glasses in this county to make further recommendations useless. We would only say he grinds glasses to suit the eye, whether far or near sighted.

COST OF CARRYING THE PENNSYLVANIA ELECTION.

A diminution of the Meade army to secure the Pennsylvania election, has cost a surrender of full for miles of the reclaimed territory of Virginia, and the removal of a large number of Union men, with their families and what effects they could transport, to save themselves from rebel invasion.

A Correction.

President Lincoln, in his instruction to Gen. Schofield, of Missouri, says:—"No person in the service of the United States shall assist in returning fugitive slaves to their masters." The Constitution of the United States says: "No person held in the service or labor in one State, under the laws thereof, escaping into another, shall, in consequence of any law or regulation therein, be discharged from such service or labor; but shall be delivered up on claim of the party to whom such service or labor may be due." President Lincoln is greater than the Constitution, and all the Republicans say Amen!

Gen. McClellan's Photograph.

A young soldier in the Army of the Potomac, writing to a friend in Boston, modestly requested a needlebook, having lost his at Gettysburg. The article was forwarded in due time, and wrapped in the folds was a card photograph of General McClellan. In acknowledgment the gift, the soldier writes—"The picture of McClellan is very fine—looks very natural; all that is wanting is the smile. It did my eyes good to see it. It had to go the rounds of the Regiment, and from the old members received six hearty cheers."

Secretary Chase Borrowing Money in Europe.

The Cincinnati Commercial has a special from Washington, dated the 31st inst., which says that it was whispered about quietly that night in financial circles, that Secretary Chase had received by telegraph advice brought over by the last steamer, that his agents in Europe have effected a loan for "this government" of one hundred million dollars.

Commissary Frauds.

A Washington dispatch of the 23d says that frauds in the supplies furnished the occupants and teamsters of the convalescent camps have recently been discovered. Only two rations of potatoes were served out, and the good meat was sold. It is reported that officers high in authority are implicated, and an investigation is now going on.

A NEW HAMPSHIRE paper says those who went to Lebanon one day last week, for examination, were shocked to see a white man there, followed by his young son, whom he was endeavoring to sell at the highest price as a substitute. The man, at last, after much haggling, sold his boy for \$450, and pocketed the greenbacks with the coolest satisfaction, while the boy dejectedly passed into the Provost's office to report for service.

The Brooklyn (N. Y.) Union states that a shawl, costing three thousand dollars, has been imported for Miss Kate Chase, daughter of the Secretary of the Treasury, with which she will assist in inaugurating the gay season. Mrs. Lincoln, having laid aside the habiliments of mourning, has also ordered a costly and magnificent outfit; preparatory to engaging in the gayety of the coming season.

The Democrats poll about the same number of votes in Ohio this year that they did last, when we carried the State by 6,000 majority. Now the Abolitionists have nearly 75,000 majority on the "home vote." Will honest Republicans tell us where all these votes came from?—Banner.

The Cincinnati wire bridge will cost a million and a half.

It has long been the aim of physicians to find a combination of medicines having the requisite stimulating and tonic properties to relieve and cure the common complaints of Biliousness, Liver disorders, Langour, Headache, Lowness of Spirits, Indigestion, Jaundice, Fever and Ague, &c., which are the diseases incident to a warm climate. The remedy has been discovered by Dr. Roback, and in thousands of cases the merits of his Bitters have been tested in the above complaints, and there is but one voice from the people, and that is in favor of these truly wonderful Stomach Bitters. We advise all who are afflicted and need an agreeable tonic for the troubles above indicated, to commence at once using these Bitters. See Advertisement.

MARRIED.
